

*From the BIG HOPE family
to yours*

MERRY CHRISTMAS

*'Tis the Season for Extravagant
GIVING!*

God's extravagant gift was sending His son, Jesus, as a baby in a manger to bring us the gifts of **hope, joy** and **peace**. This year, we want you to partner with BIG HOPE to bring the same gifts to the Dominican Republic (DR) by supporting Buen Samaritano Clinic and local families in Batey 7, like Aime's.

Aime's Story-

Aime's father, Yeison, was 6 when we first met him in Batey 7, almost 24 years ago. Each year, he would give up his time to serve with mission teams and learn more about Jesus. Now, Yeison has a family of his own. He and his wife, Angelica, were blessed with a baby girl, named Aime, last year.

Aime was born healthy, but soon developed heart-related complications requiring multiple surgeries. The clinic has continuously supported this family through prayers, funds, and medical interventions. Aime would not have survived without this support.

Why is Aime's Story Important?

Aime's story is the story of HOPE! This story began 24 years ago in Batey 7 continuing into today. This hope continues through your efforts providing support to the underserved families in the DR. Aime's family is just one of many others, who have been blessed by your gifts. **Your donation matters!**

Year after year, non-profits search for funds to continue supporting families, like Aime's. BIG HOPE is one of them. Your funds provide medical\surgical care and spiritual outreach to nearly 10,000 people in Batey 7 and surrounding areas. These funds also provide upkeep to the clinic (i.e., salaries, medicines, utilities).

In 2022, we launched a 365 campaign, asking donors to donate \$1/day for 365 days to support the Buen Samaritano Clinic. We are continuing these efforts into the new year. This year, the target goal is \$150,000- **Give today!**
